Mission Statement

By Word and Sacrament, we are sent to glorify God with our lives.

From the Pastor

For a better understanding of Amendment 2
CRITICISM- “The amendment takes money away from public schools.”

REALITY- This criticism is generally so vague it is difficult to understand how it takes money from public schools. First, the constitution remains unchanged concerning the mandate for the state to fund public schools adequately. The amendment allows, not requires, for funding “in addition to, not instead of” funding for public schools. Second, if the reduction in revenue is because the parents choose to send their child to an alternative school, it is true the school will receive less SEEK funding from the state because it has fewer students. Ironically, the result is that the school has more funding per student because it retains all local and federal funding even though there are fewer students.

CRITICISM- “Allows funding of private or religious schools with public money.”

REALITY- The ballot issue is solely about an amendment to the constitution, not any suggested school program, and who might be eligible to participate in future opportunities. It's important to note that the United States Supreme Court ruled several years ago that the economic benefits to citizens cannot be withheld because the sponsoring organization is religious.

CRITICISM- “The amendment will take children out of public schools.”

REALITY- If a child leaves a public school, it is likely because the school is not a good fit for that child. If the public school is performing well, it is not logical that a parent would remove their child to place them in a substandard alternative school. Nationally, about 87% of students remain in public schools.

CRITICISM- “An amendment opens the door for school programs that do not address all the special needs of children.”

REALITY- The criticism equally applies to public schools and alternative education venues. This is precisely why parents should have school choices that fit their children's needs, and if the public school is the best choice, so be it.

CRITICISM- “We do not need a constitutional amendment.”

REALITY- In a December 2022 decision on a school choice program, the Kentucky Supreme Court strongly suggested putting a constitutional amendment before the people of Kentucky to settle the issue because the constitution on education issues (written in the 1800s) is outdated.

Fr. Brian J. Roby

School Happenings:

Trinity High School cross country finished their last race at the City/County race at Yellow Creek Park. Ehan Jarboe lead us with a PR of 21:57.6. Wade Burch finished at 22:48.6 and both Jacob Aud and Ian White setting their personal records of 23:04.5 and 23:45.0, respectively. Congratulations on a successful season boys. The Trinity High School volleyball team won the first round of the district tournament and are playing for the 12th District Championship tonight, as I write this.

The St. Mary of the Woods School Fall Festival was a success. Thank you to the SMWS School Council and Andrea Aud for leading this event. Also, thank you to all of our teachers for the fun games for the kids. Ryan Aud and Pete Morris outdid themselves with the chili this year! We sold out that night! Also, thanks to all the people who set up Trunk or Treat! It was a wonderful event!

All Saints & All Souls Schedule

Friday, November 1st, the Solemnity of All Saints- is
a Holy Day of Obligation for all Catholics.

Vigil Mass on Thursday, October 31 at 6PM;
Mass on the Day: 8AM, 12:05PM, & 6PM.

Saturday, November 2nd, the Feast of All Souls, is a
Holy Day set aside for honoring the dead. The
Roman Catholic celebration is associated with the
doctrine that the souls of the faithful who, at death,
have not been cleansed from the temporal punishment
due to venial sins and from attachment to mortal sins
cannot immediately attain the beatific vision in
heaven, and that they may be helped to do so by
prayer and by the sacrifice of the Mass.

Mass at 8AM; Memorial Service at St. Mary
Cemetery at 12 Noon.
