Mission Statement

By Word and Sacrament, we are sent to glorify God with our lives.

School Happenings:

Happy New Year! Thank you to everyone for the love, prayers and support for St. Mary of the Woods School and Trinity High School throughout this year. I am grateful God entrusted me to work with the staff and students of these schools to continue His mission of developing future leaders of our Church and community. I am forever blessed, and I firmly believe we can never underestimate the impact these schools have, not only in our own community but also throughout the world! What a beautiful mission, and please continue to pray for our schools in 2025!

Over Christmas Break, the Trinity High School girls defeated Northeast High School, while falling to East Robertson High School at the H & H Holiday Hoopfest at Logan County High School. Sarah Payne was the player of the game for the East Robertson game and Rylayne Meserve was player of the game for the Northeast game. Meanwhile, the Trinity High School boys defeated Carroll County High School and Casey County High School, while falling to Marion County High School at the Marion County High School Tournament. Will Hernandez was player of the game for the Carroll County game, and Hayden Aull was player of the game for both the Marion County and Casey County games. Congratulations to both teams on their success so far this season.

Emily Hernandez, Principal

Fridays, Grades 7-12 at 8AM

Merry Christmas on this Solemnity of the Epiphany! If you ask yourself what's the difference between the lives of the saints and some of the stars we see on Twitter, the difference is this: the saints are stars that actually lead us someplace. The saints lead heroic and virtuous lives, accomplish great deeds, God works miracles through them, and many of them died in defense of what we believe. They are stars that lead us someplace. If we become inspired by their lives, learn to live as they lived, the saints are stars that lead us to Jesus. How about a mother, father, grandparent or a wise friend, they, too, will lead you someplace.

There are lots of people who worship stars that don't lead us to Christ. In fact, there are stars that lead people nowhere. There are false stars that if you follow them, they'll ultimately lead you to destruction. And I'm not just talking about people. I'm also talking about materialism, egotism, self-pity, the list goes on. The question becomes who or what are the stars we follow? Will they lead us to Christ or into a black hole? This could be an interesting question when we consider the politics we support, the websites we follow, the circle of friends we keep, the lifestyle we lead. Question for our young people: what kind of person do you want to be like when you reach adulthood? A good indicator: What stars do you follow?

On a clear, brisk night, you can look up into the heavens and see millions of stars. On Earth, there are millions of stars that can be followed. Some of these stars lead our souls to Jesus. Some of these stars lead us nowhere. By the grace of God, the Magi were able to choose the right star, strip themselves of paganism, kneel before Jesus, giving Jesus the gift of themselves. When this happened, an interesting reversal occurred. The Magi discovered that, from God's perspective, we are the stars God wants to pursue. God passionately follows every moment of our lives. This is why God became man. Jesus wants to be as close to us as food and drink- the Eucharist. We're souls not only worth pursuing, but souls worth entering, worth saving, worth dying for. That's how much God loves you. Pick a star that leads you to Jesus.

Next Sunday, the Christmas Season concludes with the Feast of the Baptism of the Lord.

Fr. Brian J. Roby
